Subject: Laboratory Samples for Techlaw TL01-11-12-001

Gene and Martin,
Samples from the Techlaw project were received by Microbac Laboratories on 5/22 (3 samples) 5/23 (1 sample) and 5/24 (3 samples). You should expect results tomorrow.

I should mention that Microbac Laboratories has purchased the assets of Northeastern Environmental Laboratories on 5/17. Microbac is an accredited laboratory, and we have analyzed the samples according to the EPA methods and protocols that we employ at our facility.

I will send you a copy of our laboratory methods in a separate email, as there was some concern regarding holding times and incubation times. If you have any questions please feel free to contact me.

Thank you,
